

In this special issue:

- Learn about priority teams at ACS NNRT
- Assess and match your skills and experience to a priority team
- Sign up for the new ACS NNRT Priority Teams by 8/21

August 2026

Members Only

Get Involved: Sign Up for an ACS NNRT 2026 Priority Team

The ACS National Navigation Roundtable (ACS NNRT) is launching a new chapter of member engagement through our **2026-2029 Strategic Roadmap Priority Teams**. These member-driven teams will bring together navigation professionals, advocates, researchers, clinicians, administrators, policy experts, and other key participants to advance the ACS NNRT strategic priorities that will help sustain and support the future of patient navigation.

Building on the success of our longstanding Task Groups, Priority Teams will serve as collaborative forums where members can share expertise, identify opportunities and challenges, generate innovative ideas, and help inform the Roundtable's annual workplan and strategic initiatives.

Each Priority Team aligns directly with the [ACS NNRT Strategic Roadmap](#) and will help drive progress in critical areas of implementation, sustainability, health equity, policy, reimbursement, technology, and innovation.

Why Join a Priority Team?

Participation provides opportunities to:

- Leverage your experience and skills to enhance the work of the ACS NNRT
- Collaborate with leaders and experts from across the navigation community
- Contribute to projects, resources, educational offerings, and convenings
- Explore emerging issues and trends impacting patient navigation
- Expand your professional network and collaborative partnerships
- Help advance equitable, sustainable, and high-quality navigation across the cancer continuum

2026 Priority Teams

Members are invited to explore the priority teams that align to their skills, experiences and interests in the following:

- **Sustainability & Implementation**
- **Elevating Navigation to Drive Equity**
- **Policy Solutions & Funding Stability**

- **Ethical Technology Integration**

Join Us

Whether you are a seasoned navigation leader or looking to contribute your expertise in a new way, we encourage you to get involved. Your voice and experience will help shape the future of navigation sustainability and support the advancement of the ACS NNRT mission. *Please be sure to review the [priority team descriptions document](#) **BEFORE** you sign up for a group.*

The deadline to sign up for Priority Teams is Friday, August 21!

Step1: Click Here to Review the Priority Team Descriptions

Step 2: Sign Up for a Priority Team by 8/21

The American Cancer Society National Navigation Roundtable (ACS NNRT) was established in 2017. The ACS NNRT is a national coalition of member organizations dedicated to advancing high-quality cancer care for all through evidence-based patient navigation. The American Cancer Society provides organizational leadership and expert staff support to the ACS NNRT.
