The American Cancer Society National Navigation Roundtable (ACS NNRT) was established in 2017. The ACS NNRT is a national coalition of 80 member organizations to advance navigation efforts that eliminate barriers to quality care, reduce disparities, and foster ongoing health equity across the cancer continuum. The American Cancer Society provides organizational leadership and expert staff support to the ACS NNRT.

## Pre-Membership Survey:

## AN UPDATE ON THE CY 2024 MEDICARE PHYSICIAN FEE SCHEDULE PROPOSED RULE

As noted in our most recent newsletter, the Executive Leadership of the ACS NNRT and the Policy Task Force are working closely with ACS and ACS CAN to review the CY 2024 Medicare Physician Fee Schedule proposed rule. The proposed regulations align with the ACS NNRT's aim to provide structure for the profession of navigation as well as fiscal sustainability for patient navigation programs.

ACS CAN is crafting a CONSENSUS Letter for consideration for signature by Membership and other interested Organizations. It is anticipated that the letter will identify common points of support. Membership and respective organizations are encouraged to submit additional comments on points not addressed in this ACS CAN Consensus Letter.

Updated information will be shared via ACS NNRT eNewsletter and on the the ACS NNRT website, once completed and will allow ample time for the review by your organizations. All comments must be submitted to CMS by Monday, September 11, 2023.
