

Starting in 2025, significant changes to Medicare Part D will impact prescription drug coverage for patients. Susan G. Komen’s Patient Navigation Training Program is offering a new course, available on demand, “2025 Medicare Prescription Payment Plan Support” to equip you with the knowledge to guide patients through these important updates to optimize their coverage, including:

- New \$2,000 cap on out-of-pocket costs for all Part D beneficiaries
- Introduction of the Medicare Prescription Payment Plan (MPPP)
- Monthly installment options for out-of-pocket drug costs
- Strategies to identify patients who may benefit most from these changes.

Enroll at: <https://shorturl.at/AlpOc>

This course is free and available on-demand. Don’t miss this free opportunity to optimize patient insurance coverage and reduce financial toxicity.

Susan G. Komen Patient Navigation Training Program

A cornerstone resource for patient navigators seeking to enhance their skills and impact on patient-centered care, Komen’s free patient navigation program offers new navigators the training they need to enter the navigation workforce and offers experienced navigators support to deepen their skills as they sustain and advance their careers. More than just training, it’s a thriving community - a Navigation Nation, dedicated to continuing education and health equity. Join and learn more at komen.org/navigationnation.
