## ACS Roundtable Rules for Engagement

In our continued effort to improve member experience and expectations across the seven ACS National Roundtables, the following announcement formalizes the ACS Roundtable Rules for Engagement. Notice for the ACS Roundtable Rules For Engagement will be shared annually or at any time the document is amended throughout the year.

The Rules for Engagement of the American Cancer Society Roundtables clarify the expectations for participation by members of the National Navigation Roundtable, including organizational, corporate, affiliate, and invited individual members, and all individuals acting as representatives of an organizational, affiliate, or corporate member. Members are expected to respect and comply with these Rules and all other applicable ACS policies, observe high standards of conduct, and participate in establishing and maintaining such high standards.

We will continue to share an annual reminder of the Rules for Engagement but you can reference them anytime on our website.
