

## 2024 Annual Meeting Survey Summary

More than 130 patient navigation leaders from across the US convened in Washington, D.C., for the ACS National Navigation Roundtable (ACS NNRT) Annual Meeting September 18 - 20. Attendees shared ideas and strategies for achieving ACS NNRT's five-year AIM (2021-2026): supporting the creation of a sustainable model for oncology patient navigation to achieve health equity across the cancer continuum. A post-survey had 38 responses with highlights shared here.

### Meeting Highlights

**100% of respondents were overall satisfied with the annual meeting.**

**100% of respondents were satisfied with the topics presented.**

#### What was the highlight of this year's Annual Meeting for you?

*Networking across disciplines and formalizing our mission and goals for patient navigation in our country. Learning about all the fabulous work everyone is doing to further this mission and sharing best practices.*

### Partner Engagement

**100% of respondents said the Annual Meeting was engaging.**

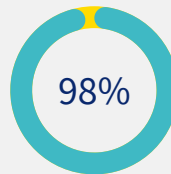

**100% of respondents agree they were able to interact with other members, network, and create meaningful connections.**

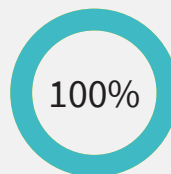

**95% of respondents agree the annual meeting enabled them to create partnerships with other member organizations.**

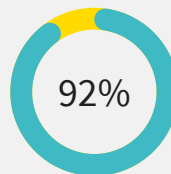

### Program Outcomes

**Respondents said they were taught something new.**

**Respondents learned about evidence-based interventions and developing trends.**

**Respondents plan to implement what they learned to their work.**

## Presentation Satisfaction

Overall, respondents were satisfied with keynote/individual presentations and breakout sessions.

- **87%** of respondents said the Review of the PNSAT was very good or excellent.
- **95%** of respondents said the State of Patient Navigation was very good or excellent.
- **84%** of respondents said the Current and Future Implications of the Oncology Navigation Professional Standards of Practice was very good or excellent.
- **89%** of respondents said the Policy in Action: Preparing for and Utilization of the PIN Codes and Implementation of Organizational Policy was very good or excellent.

**Please share any additional comments about our speakers, panels, and topics.**

*All of the sessions were good! Very helpful to learn more about how the PIN codes work. Would have liked for there to be time for Q&A before the table discussions during the policy in action session.*

*Great to feature varied setting and organizational perspectives that help build bigger vision for our common purpose and coalition advancement.*
